- APIs: RESTful API design

SOFT SKILLS

- Problem-Solving
- Attention to Detail
- Communication
- Adaptability

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Bengali (Fluent)

PROFILE

Passionate Web Developer and modern technology enthusiast with a strong interest in building responsive, user-friendly, and scalable web applications. Currently pursuing a degree in Computer Science and Engineering at Northern University Bangladesh, with hands-on experience in modern web technologies including JavaScript, React, Next.js, Node.js, and MongoDB. Eager to learn new technologies, solve real-world problems, and contribute to innovative development teams.

WORK EXPERIENCE

Digital All The Way LLC 2024 - 2026
AI Guru

As an AI Guru at Digital All The Way LLC since 2024, I develop and deploy advanced AI Voice Agents by integrating GoHighLevel (GHL) and ssistantZ.ai. I focus on building automated, natural-language communication systems that bridge conversational AI logic with practical CRM workflows, ensuring seamless and "human-like" user interactions through technical implementation and prompt engineering.

Edgy Design Group 2019 - 2026
Creative Designer

Since 2019, I have served as a Creative Designer at Edgy Design Group, leading the development of cohesive brand identities and high-impact visual assets. Utilizing Adobe Photoshop and Illustrator, I translate client visions into professional typography and vector logos while managing long-term projects from concept to delivery. As a CSE student, I bridge the gap between design and technical execution, ensuring all assets are optimized for web performance and modern digital environments.

EDUCATION

Northern University Bangladesh 2024 - Present
Bachelor of Science in (CSE)
3rd year running

Diploma In Computer Technology 2018 - 2023
Faridpur Polytechnic Institute
CGPA:- 3.81 out of 4.00

PROJECTS

Nexli Gadget - Modern E-Commerce Platform
Designed and developed a fully responsive gadget e-commerce web application independently using React, Next.js, Node.js, and MongoDB. Focused on modern UI/UX, scalable frontend architecture, responsive design, and optimized user experience across all devices.
